Health is the most valuable asset in the world – YOU and YOUR FAMILY’S. Healing includes taking responsibility for that health. Aspects of this responsibility are attending the classes, following your care plan, and meeting your financial obligations. The insurance industry pays for the treatment of symptoms and disease. We do not treat symptoms and disease. We offer true healing through Chiropractic Care. Therefore we operate on a fee for service basis. However, you may submit your claims for your own personal reimbursement. Chiropractic care is not a treatment nor cure of disease. Chiropractic care is for the restoration and maintenance of full function and communication within the body, from the brain to every cell in the body, so that you may express your full potential for life and healing. Claims will be submitted for Medicare patients only for care that is deemed medically necessary. When the care is considered maintenance, we will no longer submit claims to Medicare, as this is a non-covered service.

I clearly understand that all services rendered to me are charged directly to me and that I am personally responsible for payment.

I hereby request and consent to the performance of chiropractic adjustments, other chiropractic procedures and if necessary diagnostic x-rays on me by the doctor of chiropractic named below and/or anyone authorized by the same doctor. I further understand and am informed that, as in all health care, there are some slight risks to treatment and do not expect the doctor to be able to anticipate or explain all risks and combinations; and wish to rely on the doctor to exercise judgment during the course of the procedure which the doctor feels at the time, based upon the facts then known, is in my best interest. I have read this consent and intend this consent form to cover the entire course of my care and any care in the future.

There are items and services for which Medicare will not pay

The purpose of this notice is to help you make an informed choice about whether or not you want to receive these items or services, knowing that you will have to pay for them yourself.
- Before you make a decision, you should read this entire notice carefully.
- Ask us to explain, if you don't understand why Medicare won't pay.
- Ask us how much these items or services will cost you (See non-covered service fees on reverse)
