Chiropractic care is not a treatment or cure of disease. Chiropractic care is for the restoration and maintenance of full function and communication within the body, from the brain to every cell in the body, so that your child may express his/her full potential for life and healing. I understand and am informed that, as in all health care, there are some slight risks to treatment and do not expect the doctor to be able to anticipate or explain all risks and combinations; and wish to rely on the doctor to exercise judgment during the course of the procedure which the doctor feels at the time, based upon the facts then known, is in my child's best interest. I have read this consent and intend this consent form to cover the entire course of my child's care and any care in the future. I hereby authorize this office and its doctor(s) to administer care as deemed necessary to my son/daughter \_\_\_\_\_ (name of child). I realize that I am responsible for all fees charged by this office and that I will pay for all services as they are performed.
